PROFILE

B.Sc. IT student who designs and builds responsive websites with HTML, CSS and JavaScript, backed by Power BI, SQL and Python for data-driven work. Built a live portfolio website and a task management web app. Seeking a Web Development or IT internship.

TECHNICAL SKILLS

HTML5 · CSS3 · JavaScript · Responsive Design · Power BI · DAX · SQL · Python · Java · Advanced Excel · Dashboard Design · Data Visualization · UI/UX Basics

PROJECTS

Personal Data Analyst Portfolio Website
HTML/CSS · Live site
- Built a personal portfolio from scratch in HTML and CSS to showcase Power BI dashboards, skills and project case studies.
- Structured the site with clear navigation, project cards and embedded dashboard previews so recruiters can scan my work quickly.
- Made the layout responsive for desktop and mobile and published it as a live website.

TaskFlow - Task Management Web App
HTML · CSS · JavaScript · UI Design
- Built a multi-page task management web app with Dashboard, My Tasks, Calendar and Completed sections using HTML, CSS and JavaScript.
- Designed a dashboard with summary cards for total, in-progress, completed and pending tasks, plus search, status filters and High/Medium/Low priority labels.
- Implemented light and dark themes, saving the user's preference in the browser with localStorage.

Blinkit Sales Analytics Dashboard
Power BI · Data Visualization
- Built an end-to-end dashboard analyzing 1.20M in total sales across 8,523 items for India's quick-commerce leader Blinkit.
- Tracked key KPIs (Total Sales, Average Rating 3.9, Item Count, Average Sales 141) with interactive card visuals.
- Created an outlet performance table with conditional formatting across Supermarket Type 1/2/3 and Grocery Stores, covering sales, item count and visibility.
- Added an outlet establishment trend line (2010-2022) and size/location distribution using donut and stacked bar charts.

Spotify Listening Behavior Dashboard
Power BI · Data Visualization
- Built a multi-section dashboard analyzing 12,724 tracks, 3,835 artists and 7,381 albums from personal streaming data (2015-2024).
- Added platform slicers (Android, iOS, Mac, Web Player, Windows) and behavior filters (Shuffled, Skipped) for dynamic analysis.
- Developed Year-over-Year metrics (Tracks -10.42%, Artists -24.43%, Albums -20.19%) and weekday vs weekend listening views with Top 5 rankings.

EDUCATION

Bachelor of Science - Information Technology (In Progress) | ML Dahanukar College, Mumbai
HSC - 69% | Nagindas Khandwala College, Mumbai
SSC - 83% | Mount Mary High School

CERTIFICATIONS & WORKSHOPS

AI Dashboards using Microsoft Power BI - 17th & 18th May 2025 | Skill Nation, conducted by Mr. Jatan Shah (Microsoft Certified Trainer)
Advanced Excel Workshop (3 hrs) - 6th April 2025 | Ira Skills (ISO 9001:2015, MSME Registered), conducted by Raj Singh (Microsoft Certified Trainer)
